

Keep Birds From Trees, Shrubs and Hard to Reach Places!

Bird-X **BIRD-PROOF** **LIQUID SPRAY**

BIRD-PROOF is a non-toxic, viscous, sticky liquid chemical that makes a surface tacky and uncomfortable to birds. Birds avoid **BIRD-PROOF** like humans avoid wet tar.

PROTECT YOUR PROPERTY FOR A FULL YEAR OR LONGER!

Although it is non-toxic and non-lethal, its "feel" is extremely irritating to roosting birds.

USE IN ANY WEATHER, ON ALMOST ANY OUTDOOR SURFACE

Protect your property from the annoyance, mess, and constant clean-up that pest birds cause. It's the easiest way to bird-proof open or recessed areas and hideaway corners.

APPLY WITH A POWER OR HAND SPRAYER

Use a discharge pressure of 40 psi. One gallon covers up to 120 square feet or an average tree with a 5" diameter trunk.

DRIVE OFF BIRDS THAT ARE INFESTING YOUR PREMISES NOW AND PREVENT NEW BIRDS FROM TAKING OVER!

B-X SAFETY SOLVENT CLEANER

BIRD REPELLENT REMOVER. The exceptional dissolving power is faster and easier than traditional solvents. It also cleans other previously difficult-to-remove materials like tar, ink, gum, cement and wax.

Use this solvent to remove **BIRD-PROOF** residue and to clean application equipment. This unique material effectively solubilizes **BIRD-PROOF** for clean, easy rinsing with water.
