

Control birds in the most stubborn situations

BroadBand PRO™

Programmable ultrasonic and sonic repeller

Unique combination of harassments creates a menacing environment that scares birds away for good.

- **Harmless.** BroadBand PRO's sounds chase away the birds without harming them.
- **Heavy-duty "surround sound".** Separate control box plus four powerful directional speakers (each with 100' of wire) offer greatest all-around flexibility.
- **Easy Operation.** 110vAC electricity, adaptor included.

INCLUDES
three visual repellors
for a multi-sensory
attack

BroadBand PRO Protects

**Signs • Towers • Roofs • Awnings
Antennae • Power Stations • Outdoor Stadiums
Manufacturing Facilities • Waste Facilities**

Targets pest birds with an unrelenting combination of species-specific distress cries, predators, general harassments, and newest-technology ultrasonic waves.

- Distress Cries target Starlings, Gulls & Pigeons
- 3 Predator Cries add terror and realism
- 3 Harassments are an extra incentive to leave
- Powerful Ultrasonics round out the sound attack

SIGHT & SOUND WORK TOGETHER

Since these areas are particularly attractive to birds, **BroadBand PRO system includes three visual scares** to frighten the birds in a multi-sensory assault:

- Irritape** iridescent holographic ribbon
- Terror Eyes** holographic-eye repeller
- Prowler Owl** realistic aerofoil-wing predator.

ULTRASONIC SOUNDS stand guard all day and night!
SOUND HARASSMENTS deliver an all-bird defense.

DISTRESS CRIES indicate danger!
PREDATOR SOUNDS provide an added menace!
