

BLOCK BIRDS FROM LANDING STRIPS

Stainless SPIKES

Stainless Steel Needle Strips from Bird-X

FLEXIBLE - FITS YOUR SITUATION

Bendable base mounts flat, or on concave or convex curves. Install right side up, upside down or on any angle.

LONG TERM & ENVIRONMENTALLY-FRIENDLY

Heavy duty stainless steel prongs plus long-life polycarbonate base combine affordability and effectiveness.

EASY-TO-USE

Two-foot strips come pre-assembled (no extra labor). Each strip "locks" with the next for a seamless fit. Strips snap to the inch for precise measurement and no wasted material. Attach with adhesive, nails, screws, wire etc.

800-662-5021

The Bird Control "X-Perts"

Needle strips have been used on buildings and structures worldwide to eliminate roosting and nesting surfaces. Birds avoid alighting on the spikes as humans avoid walking on a bed of nails - the spikes are not lethal, just extremely uncomfortable.

PERFECT FOR:

- Louvers, Eaves
- Air Conditioners
- Ledges, Sills, Gutters & Pipes
- Beams, Trusses, Support Structures
- Roofs – perimeter, chimney, antennae
- Cables
- Statues, Columns, Cornices
- Signs, Letters, Church Crosses
- Bell Towers or Domes
- Trees – for roosting birds or climbing animals

THE STANDARD: Full Dense 5" Wide Coverage

Protection for virtually every situation
(REGULAR Part #STS)

FOR MORE SPECIFIC NEEDS

We also offer modified Stainless SPIKES as follows, please ask for details:

Thin ledges abutting walls?

Areas less than 2" wide (SLIM Part #SLS)

Extra deep ledges?

Areas greater than 7" wide (EXTRA WIDE Part #EWS)
