RECEIVED JAN 18 1993

Gentlemen,

Thank you for your prompt shipment of a Yard Gard, which I ordered from you by telephone Monday, January 11. It arrived yesterday.

As I indicated to you, I purchased 2 Yard Gards from Brookstone last September and have found them to be extremely effective in deterring deer from our landscaping. Prior to their installation, the deer would feast on our plants about twice a week. They still wander through parts of our yard not protected by the Yard Gards.

We ordered the third Yard Gard to protect an area we are developing for roses and other deer-sensitive plants.

Very truly yours,
