Dear Aaron,

Per my e-mail conversations with Jeffrey Hoener from Mag Enterprises, enclosed please find the Scarecrow that isn't operating properly. Everything works except the part of the mechanism that makes the water spray go side to side -- right now it only squirts the water in one stream.

Thanks for a great product and your commitment to customer service. I'll be ordering several more ScareCrows from Jeffrey this week.

Should you have any questions, please don't hesitate to contact me.

Sincerely,

Barbara L.
