Dear Aaron,

We have been using the BirdXpeller for a couple of years now to keep the starlings away. Beautiful Bradford Pear trees surround our office building, as well as our neighbors. The starlings are very attracted to this type of tree. Since we started using your product we have had very little trouble with the birds. Our neighboring office building had the same problem and when they called me to find out how we had gotten rid of the starlings I told them about Bird-X. They now have a BirdXpeller to keep the birds away.

Thanks for all the help you have given us.

Sincerely,

Rashel "Dink" W.
