Mr. Joe Seid
Distributor Sales Manager
Bird-X, Inc.
730 West Lake Street
Chicago, IL 60661

Dear Joe:

As per our phone conversation earlier this month, I am returning the UX-4 Ultrasonic Bird Repeller. Attached hereto is a check for \$11.65 to cover the UPS charge.

Since adjusting the sound levels on the seven UX-4 repellers, there have been no objections from the employees.

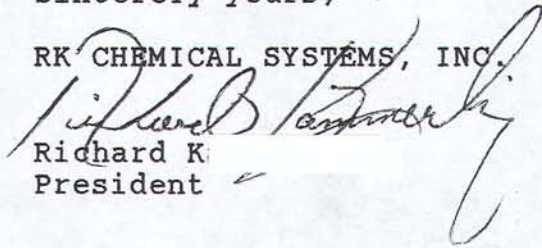

The installation of the seven UX-4 repellers and the four X-pellers are providing the necessary coverage.

For the past three weeks there has been a significant reduction of sparrows both inside and around the exterior of the building. The few sparrows that fly in through an open door are quite disorientated and eventually fly out through the easiest access route. The sparrows which in the past roosted on the outside platforms now perch along the fence perimeter almost 100 feet away from the building.

It is too early to make a final assessment on the success of the total bird management program. We will keep you informed on the progress.

Sincerely yours,

RK CHEMICAL SYSTEMS, INC.
